R. Smith said our County has done this and they seem to be easier to work with than in the past. R. 1. R. Smith announced that this item has been pulled as the red curb has been removed. When the Ballpark was put in Marathon Parkway was built before the project to provide access to the Ballpark and a red curb was placed on it. People were parking at the red curb because there is not enough parking at the Ballpark and the Sheriff said they were going to start ticketing so it was decided the red curb would be removed, they did not need LCPG approval. Also, Rios Canyon Little League has now received all of the old equipment from the National Little League.

C. **Proposed Privately Initiated Action.**

1. P 72 650w3, modification of use permit to reduce the number of modular classrooms from two temporary modular's to one permanent modular classroom. Install a fence with rolling gate that would separate the front parking area from overflow parking. This project is located at 10404 Lake Jennings Park Road. Mike Stevens representative said no changes now planned except the gate. R. Clegg motion to approve. L. Strom 2nd. Vote: 8-0-0-7.

7. **Subcommittee reports as required.**

CSA69: R. Smith reported there was a special meeting held today with regard to the charge for recovering transport fees. The \$1,050.00 for both residents and non-residents was said to be illegal by the County Council because the residents are

paying a benefit fee on their taxes. The recommendation is to keep non-residents to the \$1,050.00 fee and have a \$900.00 fee for residents.
